On Saturday, June10, The Autism Program at Easterseals held a successful Resource Fair and

Family Fun Event with more than 150 attendees at Hyundai on Perryville. Fifteen additional community organizations joined to provide resources and services, including the Rockford Fire Department and Circle of Change Youth Dog Program.

The Autism Program at Easterseals provided information and resources on autism spectrum disorders, and conducted free autism screenings to families who RSVPed. All families and children enjoyed Hammy Hog from The Rockford IceHogs, a cheer performance from Gigi Playhouse, and visits from Disney princesses and Spiderman.

A huge thank you to Hyundai on Perryville for hosting and to our team for their hard work. Check out some photos from the day.
