On Saturday, September 23, the Friends of The Autism Program at Easterseals held a Golf Play Day at Timber Point Golf Club to benefit the program.

Forty-eight golfers and 11 volunteers enjoyed perfect weather on the green! See photos from the wonderful event below.

We would like to give a special thank to the committee who planned the event, the sponsors who donated items for the raffles, the hole sponsors, the hole-in-one sponsors, and the staff at Timber Pointe for taking such great care of us.
