

IAP Strive for Success videos help educators support students with autism

Nov 09, 2022

The Illinois Autism Partnership (IAP) at Easterseals presents a six-video series of STRIVE for Success educational best practice training videos to help educators support students with autism.

Introduction

The Illinois Autism Partnership (IAP) at Easterseals presents a six-video series of STRIVE for Success educational best practice training videos to help educators support students with autism.

STRIVE for Success #1: Structuring the Environment

Watch this video about STRUCTURING THE ENVIRONMENT to learn how to implement strategies and supports in your classroom.

STRIVE for Success #2: Reinforcement

Watch this video about REINFORCEMENT to learn how to implement strategies and supports in your classroom.

STRIVE for Success #3: Increase Communication

Approximately 40 percent of individuals with autism are non-verbal communicators. Watch this video about REINFORCEMENT to learn how to implement strategies and supports in your classroom.

STRIVE for Success #4: Visual Schedules

Check out this video about how to implement VISUAL CALENDARS in your classroom to help reduce anxiety, build flexibility and independence, and ease transitions for your ASD students.

STRIVE for Success #5: Sensory Supports

Watch this video about SENSORY AND MOVEMENT to learn how to implement strategies and supports in your classroom.

STRIVE for Success #6: Promoting Independence

Watch this video about PROMOTING INDEPENDENCE to learn how to implement strategies and supports in your classroom.
